Member of the German Association for Water, Wastewater and Waste (DWA)	Nr. 139259
Member of the Association of Engineers for Water Management, Waste Management and Cultural Engineering (BWK)	Nr. 14990

Tejeda Ing. Büro für Planung und Projektmanagement is a private company with individual offers for public and private customers.

With our individual offers for public and private clients we cover a broad spectrum in the areas of consulting, planning, control and optimization. Based on CAD tools, BIM methodology, mathematical simulation models, advanced optimization techniques, artificial intelligence and data mining.

In the field of flood protection / hydraulic engineering / environment / construction, our expertise lies in the following areas:

- Climate Projection
- Hydrological studies
- Drinking water treatment and supply
- Waste water treatment and sewage systems
- Dike planning
- Flood protection concepts
- Hydraulic verification of trench profiles
- Discharge simulation
- Erosion
- Engineering Structures
- Sediment transport
- Renaturation
- Dimensioning and design of retention basins
- Planning of flood plains
- Road drainage
- Structural design
- Geotechnical structures
- BIM
